Welcome!

Today let's consider people and their importance to this world. This morning we will look at the phrase found in Genesis 1:27 which states that man is created in the image of God. How is man in the image of God? Several characteristics of men show a likeness to God and display man to be far above animal life form. This evening we will examine the value of a man. Human life is precious and our soul is more valuable than the world. God views us as so valuable that he would give up his Son for us. What an amazing thought!

Today South Gate values each soul that has come through our doors to worship. Thank you for being here. I truly appreciate our members who show up week after week due to their commitment to the Lord. To our visitors, we value your time and effort to be here and we certainly want you become a part of our church family.
