## Welcome!

We are so glad you have joined us this morning! If you are visiting with us we want you know you are our honored guest, and we hope you will stay around and let us get to know you. Our primary purpose this morning is to praise and worship our God in the simple way they did in the new testament. We want to reflect on the sacrifice of our Lord through taking of the Lord's supper, and use that time to consider our own lives that have been bought with His blood.

This morning our lesson will continue to focus on God's view of our lives. We will look at God's word to try to answer the question, "How does God look at our past?" Throughout time, God has called individuals to focus on His will for their lives. What is interesting about the individuals He calls is the fact that He is not always as concerned with their past actions as He is concerned with their hearts and what they are willing to allow Him to do with their future. May God bless us as we consider our lives in light of His word.
