How I See It. By: Brian Gregory

Healing hands International (HHI) is an international aid group connected with the Churches of Christ. They try to make an impact upon people throughout the world by helping to meet their needs through clothing, hygiene products, medical care, food, clean water, etc. . . and most importantly teaching them the gospel of Jesus Christ.

One such unique project the Making A God Impact project (MAGI). This effort began in 2003 and has grown tremendously every year since. The purpose of the MAGI project is to fill a box with a list of items (e.g., soap, toothbrushes, Bibles, underwear) and add to it a few extras such as coloring books, small toys, etc. . . then have it sent to a needy child in one of several foreign countries. This box is distributed around Christmas time and of course acts as a much needed Christmas gift for a child.

When I first heard about this project, I was very interested in not only doing my own part but also offering the opportunity for the others to be a part of this great work. Twenty-five boxes were sent to South Gate last week along with brochures explaining more of the details. So far several boxes have been taken but there are more to fill. Along with a filled up box, a \$7.00 donation to cover the international shipping costs is requested. Because these are shipped thousands at a time, the requested donation is much cheaper than you could personally send it yourself. The dead line for the final pick up time is October 1. I hope you will take part in this wonderful endeavor and help Make A God Impact in the life of someone else that you others would never have had the opportunity to reach.

Brian

If you have any more questions and/or would like a box contact the office or see me.

One Verse At A Time

By: Joe Macer

How Much Do You Talk?

Proverbs 10:19 When words are many, sin is not absent, but he who holds his tongue is wise.

Solomon, the wisest of all men, said much about wisdom within the book of Proverbs. A great many of his proverbs dealt with the use of the tongue. This particular thought provides us with a great warning. When words are many, then sin is not absent. In other words, the more we talk the greater the chance of us using our tongue for sinful purposes. The tongue can do many things that are sinful. The more we use it the more likely we are to do something wrong. Just as the more we use a tool the greater the chance it will break on us, so it is with our tongue. We must be careful of what we say and why we say it. As we have been told by our parents throughout the years, we must think before we speak. We do not have to say everything we think. When the tongue flows freely we will bring harm to ourselves or someone else.

He who holds his tongue is wise. This is not an easy thing to do but neither is it easy to become wise. Christians are to seek godly wisdom. If we will learn from such verses, we will be moving in the right direction. This month the elders have set the goal for us to control our tongues and to use them for good purposes. Give great thought to what we say and the implications it presents. May each of us strive to glorify God by what we say and do.
